

Behaviour at ASF Events

Respect

The Australian Securitisation Forum's events, briefings and training - both in-person and virtual – are places that are welcoming and respectful for all participants.

All participants – students, delegates, speakers, sponsors, exhibitors and organisers – are expected to treat others with respect at all times. This includes at social events and on social media before, during and after the ASF event.

Unacceptable behaviour in any form will not be tolerated and those who do not behave appropriately may be asked to leave without a refund and banned from future events, at the discretion of the ASF, hosts and organisers.
